

Jason Grey

TECHNOLOGY LEADER

- + Led/built groups from 2 to 250+
- + From startups to enterprise
- + Budgets from \$10k to \$40M
- + Can balance user experience, operations and technology to produce best business outcomes.

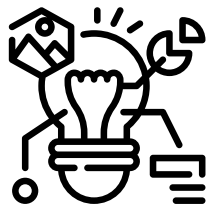

“ Jason is that most rare blend of deep technical skill, unmatched problem solving, solid appreciation for the creative process, and well-tuned aesthetic sensibility. He is sought after as a project leader, consultant, and mentor by the people who know him or his work. Most importantly, he assertively and intelligently challenges the status quo with smart new solutions. Jason has worked through some of the most difficult challenges in web, mobile and e-commerce with many “Fortune 100” companies. ”
